

Office Security

Case Study - HILTI Office Security

Client

HILTI - An international manufacturer & supplier of construction equipment.

The Technology

- Davantis DFUSION Video Analytics

The Challenge

Atalian Servest, now known as OCS, required a robust and cost-effective CCTV security solution for multiple HILTI sites, including offices, storage facilities, and manufacturing plants. With the need for centralised monitoring and consistent performance across diverse environments, reducing false alarms was critical to maintaining operational efficiency and minimising missed intrusions.

The Solution

Bi3 partnered with OCS to design and implement a comprehensive CCTV system using Davantis DFUSION video analytics. Chosen for its high detection accuracy and low false alarm rate, DFUSION enabled centralised monitoring and significantly reduced operational costs for HILTI. Over several years, the system has proven to be a reliable and cost-effective solution, delivering strong ROI through reduced Manned guarding and Monitoring costs and enhancing overall site security.
